

Michael Anyanwu

Fullstack Web Developer | E-commerce Systems | Digital Growth

Fagersta, Sweden | ismike78@gmail.com | 0721-619-403

Professional Profile

Fullstack developer specializing in e-commerce platforms and digital sales systems. I build Shopify stores, web applications, and marketing automation that help businesses launch online products and generate revenue through Facebook and TikTok advertising. With experience in networking, infrastructure, and modern web technologies, I focus on practical solutions that connect technology with business growth.
